

ELEGANCE ladders

Escaleras ELEGANCE

The stylish entrance into the swimming pool

El acceso a la piscina con estilo

ELEGANCE is a set of steps with a modern, minimalist look, which thanks to its sleek design blends in with its surroundings and gives added value to any residential swimming pool. Its design goes beyond its aesthetic features as it was specially conceived to guarantee swimmers maximum safety and comfort. Thus, the first rung is double the standard width with an anatomical design and made of a non-slip material, while the vertical rungs make it easy to get in and out of a pool. It is available in two versions in the Signature range, one of which is made of AISI 316 stainless steel and the other of AISI 316 stainless steel and wood; both are available with three or four rungs.

ELEGANCE es una escalera con diseño moderno y minimalista que gracias a su cuidado diseño se mimetiza con el entorno y aporta un valor añadido a cualquier piscina residencial. Su diseño no se limita al aspecto estético ya que ha sido especialmente ideada para garantizar la máxima seguridad y confort del bañista. Para ello, incorpora un primer peldaño doble con diseño anatómico realizado con material antideslizante y barras verticales que facilitan el acceso a la piscina. Está disponible en dos versiones de gama Signature, una en acero inoxidable AISI 316 y otra en acero inoxidable AISI 316 con madera IPE, disponibles con 3 ó 4 peldaños.

- Easy to install by just screwing the two attachment points to the wall.
- The IPE wood version perfectly matches all other items in the AstralPool Signature Pluvium range: shower, solar shower, cascade and jet.
- Made of high quality materials that prolong its life-time.

- Fácil instalación realizando solamente dos 2 anclajes con fijación a la pared mediante tornillos.
- La versión con madera IPE se complementa perfectamente con el resto de componentes de la gama Pluvium de AstralPool Signature: ducha, ducha solar, cascada y cañón.
- Realizada en materiales de alta calidad que alargan su vida útil.
